Laptops For Dummies Dan Gookin

The fast and easy way to get up and running with a laptop

Are you new to the world of laptops? You've come to the right place! *Laptops For Dummies* covers the many topics and issues unique to laptops, including synchronizing with the desktop, coordinating email pick-up between two machines, remotely accessing the desktop, networking, power management, storage, security, and more. This new edition also provides updates to cover the latest technology, current processors, and steps to update memory and hard drive capacities.

In business—while they spend most of their time in a desktop docking station—laptops are absolutely essential for providing mobility to professionals. In the home, they've begun to replace desktop PCs, as they now offer larger displays, longer battery power, and speeds equal to desktop computers. Plus, you can do just about everything with a laptop that you can do with a traditional desktop, minus the big, bulky machine and multiple cords. If you're just making the switch over to a laptop, this hands-on, easy-to-follow guide makes the transition easy!

- Covers the latest hardware and technology updates you need to get up and running with your laptop
- Includes updates on the new Windows 10 operating system, wireless networking, smartphone tethering, and using productivity applications on laptops
- Walks you through everything you need to deal with add-ons, networking procedures, and connectivity and communication
- Presents complex material in a way that makes it simple and accessible

Whether you've never logged onto a laptop or are just looking to stay up-to-date with the latest information on operating systems and software, *Laptops For Dummies* has you covered.

From reader reviews:

Robert Beck:

Here thing why this Laptops For Dummies are different and trusted to be yours. First of all looking at a book is good but it really depends in the content from it which is the content is as yummy as food or not. Laptops For Dummies giving you information deeper and different ways, you can find any publication out there but there is no publication that similar with Laptops For Dummies. It gives you thrill studying journey, its open up your own eyes about the thing which happened in the world which is maybe can be happened around you. You can easily bring everywhere like in park, café, or even in your means home by train. Should you be having difficulties in bringing the published book maybe the form of Laptops For Dummies in e-book can be your substitute.

Laquita Horton:

Nowadays reading books be than want or need but also turn into a life style. This reading behavior give you lot of advantages. Associate programs you got of course the knowledge your information inside the book this improve your knowledge and information. The info you get based on what kind of e-book you read, if you want drive more knowledge just go with education books but if you want sense happy read one with theme for entertaining for instance comic or novel. The Laptops For Dummies is kind of guide which is giving the reader unforeseen experience.

Clara Gay:

Reading a guide can be one of a lot of activity that everyone in the world loves. Do you like reading book consequently. There are a lot of reasons why people enjoyed. First reading a publication will give you a lot of new information. When you read a publication you will get new information mainly because book is one of many ways to share the information or even their idea. Second, looking at a book will make you actually more imaginative. When you looking at a book especially tale fantasy book the author will bring that you imagine the story how the personas do it anything. Third, you are able to share your knowledge to some others. When you read this Laptops For Dummies, you could tells your family, friends and also soon about yours guide. Your knowledge can inspire the others, make them reading a e-book.

Betty Serrano:

People live in this new morning of lifestyle always try to and must have the free time or they will get lots of stress from both everyday life and work. So , whenever we ask do people have spare time, we will say absolutely of course. People is human not really a huge robot. Then we consult again, what kind of activity have you got when the spare time coming to you actually of course your answer can unlimited right. Then do you ever try this one, reading textbooks. It can be your alternative in spending your spare time, the book you have read will be Laptops For Dummies.
