Fundamentals of Animation

Paul Wells

Fundamentals of Animation Paul Wells

Discusses the key principles and processes involved in animation; exploring the entirety of the creative process, from finding and researching a concept, through the preparation and techniques used, to the execution of the work. Each stage is presented in an engaging visual style, accompanied by examples and analysis of contemporary student and commercial animation. The book also discusses the links between animation and the styles and narratives of other areas of popular culture, aligning theory and ideas to practical advice. A section for aspiring animators examines career paths, portfolios and the structure of the creative industries.

From reader reviews:

Shelia Coggins:

The book Fundamentals of Animation can give more knowledge and also the precise product information about everything you want. Why then must we leave a very important thing like a book Fundamentals of Animation? A few of you have a different opinion about guide. But one aim that will book can give many information for us. It is absolutely proper. Right now, try to closer using your book. Knowledge or info that you take for that, you could give for each other; it is possible to share all of these. Book Fundamentals of Animation has simple shape but the truth is know: it has great and massive function for you. You can appear the enormous world by open up and read a book. So it is very wonderful.

Howard Benedict:

Nowadays reading books become more than want or need but also get a life style. This reading practice give you lot of advantages. The advantages you got of course the knowledge even the information inside the book this improve your knowledge and information. The info you get based on what kind of publication you read, if you want attract knowledge just go with education books but if you want experience happy read one along with theme for entertaining like comic or novel. The actual Fundamentals of Animation is kind of guide which is giving the reader unpredictable experience.

Walter Pressley:

This Fundamentals of Animation is great book for you because the content that is certainly full of information for you who also always deal with world and still have to make decision every minute. This book reveal it facts accurately using great manage word or we can say no rambling sentences inside it. So if you are read that hurriedly you can have whole facts in it. Doesn't mean it only will give you straight forward sentences but difficult core information with wonderful delivering sentences. Having Fundamentals of Animation in your hand like obtaining the world in your arm, data in it is not ridiculous one. We can say that no publication that offer you world throughout ten or fifteen small right but this reserve already do that. So , this is good reading book. Hey Mr. and Mrs. active do you still doubt this?

Vicki Escalante:

As a college student exactly feel bored for you to reading. If their teacher inquired them to go to the library in order to make summary for some book, they are complained. Just little students that has reading's soul or real their passion. They just do what the professor want, like asked to the library. They go to at this time there but nothing reading really. Any students feel that examining is not important, boring in addition to can't see colorful photos on there. Yeah, it is for being complicated. Book is very important to suit your needs. As we know that on this period of time, many ways to get whatever we wish. Likewise word says, many ways to reach Chinese's country. So , this Fundamentals of Animation can make you truly feel more interested to read.
