Hot Curves Ahead

Beautiful and bountiful women star in these hot romances!

Cash's Cherry

Tara Nina

When Cherry Adams disappears while taking an EMT call, it's up to Cash Dupree and his search-and-rescue dog, Max, to find her, bring her home safe and show her how much she means to him. She makes him hot, hard and wanting more. He made a mistake before, running scared from the overwhelming feelings he felt for her. He's not going to make the same mistake twice.

First, however, he has to find her.

Kansas Moon

A.L. Wiley

When Marybeth is attacked by a big dog and badly bitten, she is worried about whether her insurance will pay for it, not whether she is going to turn into a werewolf. When Cade realizes that a new werewolf has been left to change on her own, he isn't thinking about whether or not she is his mate. Marybeth has no idea what is happening to her, while Cade can't imagine who could have broken shifter law and bitten this curvy beauty. He just wants them both to get through the night under the Kansas moon.

Make Him Purr

Bella Brooke

When a shifter falls in love...it's forever.

Shaznay's a sexy plus-size model with one problem—a stalker. Tyler, a mountain lion shifter, runs a security agency that guarantees to keep its clients safe no matter the threat. He immediately recognizes Shaz as the mate he's been hunting for. He adores every one of Shaz's curves and no one so much as touches her on his watch. But finding his mate distracts the ice-cold ex-Special Forces shifter. With Shaz's life threatened, time is running out for Tyler to both hunt down her stalker and claim her as his mate.

Never Back Down

Angelina J. Windsor

Curvy Jess Stone has the worst luck. Her car breaks down on her way home to her family, sending her stumbling into the Heaven's Devils biker bar. She also has a secret—her family runs a rival biker gang. All hell will break loose if anyone discovers her father is Preacher, prez of the notorious Death Raiders.

Ace, prez of Heaven's Devils, is a modern-day warrior, looking to keep his crew in check. That's tough enough at the best of times, even without being bedeviled by the plus-size model who sashays into his bar and into his bed.

Post Time

Tabitha Cockburn

As a successful horseracing jockey, Jacque might be small, but he has big fantasies of mounting an Amazonian woman. Gretchen fills the bill perfectly for him, and he is more than willing to fulfill her fantasy of being switched with a crop and ridden around like a pony.

Riding in the New Year

Sierra Brave

Sequel to Bareback Christmas.

Big, beautiful, blonde Scarlett escaped to the mountains and took one hell of a ride with hot cowboy, Davis Banks. The chemistry between them is still bubbling but if Davis and Scarlett are going to have a happy New Year, they must battle a gossiping mother, a meddling grandmother and an ex-boyfriend who suddenly wants Scarlett back.

The Jarl's Witch

Noa Xireau

Eileen should never have made a magic potion for the conniving Ingrid. Preparing the concoction Eileen used for studs in mating season instead of the love potion Ingrid had asked for hadn't been a very good idea either.

No wonder Eileen's heart felt as if it skipped a beat when she discovered her mistake. Instead of using Ingrid's hair, as she was supposed to when she'd prepared the potion meant to entice Jarl Leif, she'd accidentally used her own. Now Eileen had a bad feeling her life might be at stake if she didn't keep the impressive Viking far away from her enchanted brew.

Reader Advisory: These stories have graphic sexual language and scenes—no closed bedroom doors (or other rooms) here!

**From reader reviews:**

**Dorothy Trimm:**

What do you concerning book? It is not important together with you? Or just adding material when you need something to explain what the ones you have problem? How about your free time? Or are you busy individual? If you don't have spare time to complete others business, it is make you feel bored faster. And you have extra time? What did you do? Every individual has many questions above. They have to answer that question since just their can do this. It said that about publication. Book is familiar in each person. Yes, it is correct. Because start from on jardín de infancia until university need that Hot Curves Ahead to read.

**Cornell Neal:**

As people who live in the actual modest era should be revise about what going on or facts even knowledge to make these individuals keep up with the era that is certainly always change and progress. Some of you maybe will probably update themselves by studying books. It is a good choice for yourself but the problems coming to anyone is you don't know what kind you should start with. This Hot Curves Ahead is our recommendation to make you keep up with the world. Why, because this book serves what you want and need in this era.

**Cathy Thomas:**

This Hot Curves Ahead is great book for you because the content and that is full of information for you who all always deal with world and also have to make decision every minute. This specific book reveal it data accurately using great plan word or we can declare no rambling sentences inside. So if you are read that hurriedly you can have whole details in it. Doesn't mean it only gives you straight forward sentences but tough core information with attractive delivering sentences. Having Hot Curves Ahead in your hand like keeping the world in your arm, details in it is not ridiculous just one. We can say that no e-book that offer you world within ten or fifteen second right but this guide already do that. So , this really is good reading book. Hi Mr. and Mrs. stressful do you still doubt in which?

**George Bash:**

Reading a reserve make you to get more knowledge from this. You can take knowledge and information from a book. Book is published or printed or descriptive from each source that filled update of news. In this particular modern era like today, many ways to get information are available for anyone. From media social such as newspaper, magazines, science e-book, encyclopedia, reference book, novel and comic. You can add your knowledge by that book. Do you want to spend your spare time to open your book? Or just seeking the Hot Curves Ahead when you needed it?
