The Shakespeare-X Message: The Authorship Question Solved Lee Vidor

This is a non fiction publication.

The Shakespeare-X Message is not a hoax.

The Shakespeare-X Message is a deliberately concealed statement of authorship of the works of Shakespeare.

It is a message sent directly to the world by Shakespeare himself.

It has gone unrecognized in the historical record for 400 years.

It is dazzlingly imaginative.

The message is mathematically verifiable.

The mathematics are utterly conclusive.

The Shakespeare-X Message was not sent to the world by the actor we know as Shakespeare, but by the authentic writer of the literary works of Shakespeare, the famous dramatist and poet Christopher Marlowe, who was thought to have been murdered by knife in a tavern brawl in Deptford, London, in 1593 at the age of 29, while Shakespeare the actor was also 29, and still an unpublished writer.

The Shakespeare-X Message is an indisputable proof of an authorship imposture.

That a man named William Shakespeare, neither an actor nor a writer, was deliberately brought to London from Stratford, to be secretly employed by Marlowe's theater company to publicly impersonate a dramatist writing the successful plays covertly being written by the genius Marlowe, in secret exile in Italy.

This publication is an irrefutable proof of this seemingly impossible fact.

According to literary novelist Lee Vidor:

The Shakespeare-X Message is a definitive statement to the world from the acclaimed dramatist Christopher Marlowe that he is the authentic writer of the works of Shakespeare. It was created by Marlowe to eternally provide a clear proof of authorship.

The message proves itself effortlessly to common sense, effortlessly to anyone with the smallest grasp of logic or reasoning. It is a message written by a literary genius.

The Shakespeare-X Message was first uncovered by Lee Vidor on May 18th, 2009.

You can read it here for the first time in 400 years. It is free to view in the book sample.

It is dazzlingly brilliant in inspiration and vision. Precisely as we would expect from the mind of the genius Shakespeare-Marlowe.

This book contains the complete proof that the message is mathematically irrefutable. Also supporting research regarding the implications of this. Also included are an analysis of the causes of the academic misattribution of the literary works of Shakespeare, fresh speculations on the real life of Shakespeare-Marlowe as he lived it, and analysis of the methods of the imposture as it was carried out.

The book also contains new textual and biographical evidence regarding the life of Shakespeare and the authorship imposture.

Everything we know of the living man Shakespeare has been wrong.

Mathematicians and scientists of the world are particularly encouraged to publicly support or attempt to refute the Shakespeare-X Message.

The world requires you do this in order to correct academic Shakespearean scholars who can neither grasp the conclusive mathematics, nor face the consequences of their utterly devastating error.

Without respect for the scientific method the world is lost in superstition.

The Shakespeare-X Message speaks conclusively for itself.

It is everything a Shakespeare lover could hope for.
