Defendu

W.E. Fairbairn

Defendu W.E. Fairbairn

Defendu, William E. Fairbairn's seminal manual on close-quarters combat, is finally available in a quality reprint edition. Originally published in 1926, the book was the first to present Fairbairn's hard-core system of close-in fighting under the name by which it became legendary among practitioners of no-holds-barred self-defense and battlefield skills. Through Defendu and his other revolutionary books (including Scientific Self-Defence, Get Tough and All-In Fighting), as well as his years spent training members of the Shanghai Municipal Police in the 1930s and elite-unit soldiers during World War II, W.E. Fairbairn probably had more influence on the evolution of practical hand-to-hand combat than any other individual in modern history. As U.S. Marine Corps veteran and CQC expert Kelly McCann writes in the exclusive foreword to Paladin's reprint edition, "W.E. Fairbairn contributed more to the knowledge base of how to kill the enemy in close quarters than perhaps anyone else." Paladin spent years actively searching for a copy of Defendu through the Internet, out-of-print book outlets, rare-book shops and military book specialists before we found one we could borrow to make this reprint edition possible. So it is with great pride that we add this highly sought volume, with an insightful foreword by best-selling author Kelly McCann to our library of Combat Classic titles.

From reader reviews:

Jerry Hernandez:

Do you have favorite book? For those who have, what is your favorite's book? Guide is very important thing for us to be aware of everything in the world. Each e-book has different aim or perhaps goal; it means that guide has different type. Some people sense enjoy to spend their a chance to read a book. They may be reading whatever they have because their hobby is reading a book. How about the person who don't like reading a book? Sometime, man or woman feel need book when they found difficult problem or perhaps exercise. Well, probably you should have this Defendu.

Diana Ham:

The actual book Defendu has a lot associated with on it. So when you read this book you can get a lot of advantage. The book was written by the very famous author. Tom makes some research previous to write this book. This particular book very easy to read you may get the point easily after perusing this book.

Daniel Rhoads:

This Defendu is great guide for you because the content which is full of information for you who always deal with world and still have to make decision every minute. This particular book reveal it data accurately using great organize word or we can declare no rambling sentences inside. So if you are read the idea hurriedly you can have whole details in it. Doesn't mean it only offers you straight forward sentences but difficult core information with wonderful delivering sentences. Having Defendu in your hand like having the world in your arm, data in it is not ridiculous just one. We can say that no guide that offer you world throughout ten or fifteen minute right but this guide already do that. So , it is good reading book. Hey there Mr. and Mrs. busy do you still doubt this?

Beverly Bell:

Reserve is one of source of knowledge. We can add our understanding from it. Not only for students but additionally native or citizen have to have book to know the upgrade information of year for you to year. As we know those guides have many advantages. Beside we add our knowledge, may also bring us to around the world. By book Defendu we can acquire more advantage. Don't you to definitely be creative people? Being creative person must love to read a book. Merely choose the best book that suited with your aim. Don't possibly be doubt to change your life at this book Defendu. You can more inviting than now.
