Nuala Anne McGrail is almost more than any poor mortal man can handle without losing his sanity: her beauty causes shortness of breath in men of all ages, she's strong, she's smart, she's witty, she sings like an angel, and--to top it all off--she's psychic, or fey as they say in the Old Country.

But our man Dermot Michael Coyne, "accidental millionaire," part-time writer, and full-time worshiper of Nuala, seems to be bearing up pretty well in as much as Herself has consented to marry him.

Before that blissful day arrives, another one of Nuala's "spells" sends the pair on a hunt to find out what really happened to Al Capone's famous rival, Jimmy "Sweet Rolls" Sullivan. And as they've found in previous adventures, historic mysteries can often be too current for safety, and the dead should be left buried--wherever they are.
