The Secret Life of Water Masaru Emoto

A small adventure beginning with a tiny little water crystal has spread to people all over the world, creating a growing movement. Hearts have been opened, and love, gratitude, and a hope for peace have spilled out, opening the way for a new adventure.

From its arrival on earth to the vast areas it traverses before emptying into the sea, water holds all the knowledge and experience it has acquired. As phenomenal as it may seem, water carries its whole history, just as we carry ours. It carries secrets, too.

In *The Secret Life of Water*, bestselling author Masaru Emoto guides us along water's remarkable journey through our planet and continues his work to reveal water's secret life to humankind. He shows how we can apply its wisdom to our own lives, and how, by learning to respect and appreciate water, we can better confront the challenges that face the twenty-first century -- and rejuvenate the planet.

Water has a memory and carries within it our thoughts and prayers. As you yourself are water, no matter where you are, your prayers will be carried to the rest of the world.
