Beowulf: A New Prose Translation

Beowulf: A New Prose Translation

This book is a highly accurate, new prose translation of the classic Anglo-Saxon poem, *Beowulf*.

The greatest and most important of the Anglo-Saxon epic poems, the 1200-year-old *Beowulf* is one of the earliest pieces of literature in the English language. Though in English, the story is set in Scandinavia, where the Anglo-Saxon races lived before migration to England. It tells of the hero, Beowulf, who kills the monster Grendel after the dragonlike beast terrorizes the mead-halls, carrying off and eating the Thanes that are under Beowulf's protection. Fascinating for its story, the echoes of myth and early religion, *Beowulf* is critical reading for anyone interested in the blend of the Pagan and Christian traditions among the Anglo-Saxons. This edition is a readable prose translation.
