Getting To Maybe: How to Excel on Law School Exams

Richard Michael Fischl, Jeremy Paul

Getting To Maybe: How to Excel on Law School Exams Richard Michael Fischl, Jeremy Paul
Professors Fischl and Paul explain law school exams in ways no one has before, all with an eye toward improving the reader's performance. The book begins by describing the difference between educational cultures that praise students for 'right answers,' and the law school culture that rewards nuanced analysis of ambiguous situations in which more than one approach may be correct. Enormous care is devoted to explaining precisely how and why legal analysis frequently produces such perplexing situations.

But the authors don't stop with mere description. Instead, *Getting to Maybe* teaches how to excel on law school exams by showing the reader how legal analysis can be brought to bear on examination problems. The book contains hints on studying and preparation that go well beyond conventional advice. The authors also illustrate how to argue both sides of a legal issue without appearing wishy-washy or indecisive. Above all, the book explains why exam questions may generate feelings of uncertainty or doubt about correct legal outcomes and how the student can turn these feelings to his or her advantage.

In sum, although the authors believe that no exam guide can substitute for a firm grasp of substantive material, readers who devote the necessary time to learning the law will find this book an invaluable guide to translating learning into better exam performance.

Anthony Collins:

Is it an individual who has spare time then spends it whole day by means of watching television programs or just laying on the bed? Do you need something totally new? This Getting To Maybe: How to Excel on Law School Exams can be the reply, oh how comes? The new book you know. You are and so out of date, spending your time by reading in this brand-new era is common not a nerd activity. So what do these textbooks have that the others?

Patsy Cassella:

As a scholar exactly feel bored to help reading. If their teacher inquired them to go to the library as well as to make a summary for some reserve, they are complained. Just very little students that have reading's heart and soul or real their passion. They just do what the instructor wants, like asked to the library. They go to there but nothing reading significantly. Any students feel that looking at is not important, boring in addition to can't see colorful pics on there. Yeah, it is to get complicated. Book is very important in your case. As we know that on this era, many ways to get whatever we would like. Likewise word says, ways to reach Chinese's country. Therefore, this Getting To Maybe: How to Excel on Law School Exams can make you experience more interested to read.
