"Caribbean Diaspora in the USA" presents a new cultural theory based on an exploration of Caribbean religious communities in New York City. The Caribbean culture of New York demonstrates a cultural dynamism which embraces Spanish speaking, English speaking and French speaking migrants. All cultures are full of breaks and contradictions as Latin American and Caribbean theorists have demonstrated in their ongoing debate. This book combines unique research by the author in Caribbean New York with the theoretical discourse of Latin American and Caribbean scholars. Focusing on Caribbean religious communities, including Cuban/Puerto Rican Santeria (Regla de Ocha), Haitian Vodou, Shango (Orisha Baptist) from Trinidad and Tobago, and Brazilian Pentecostal church, Schmidt's observations lead to the construction of a cultural concept that illustrates a culture in an ongoing state of change, with more than one form of expression depending on situation, time and context. Showing the creativity of religions and the way immigrants adapt to their new surroundings, this book fills a gap between Latin American and Caribbean Studies.
