Dadu saw a shooting star

Racing through the sky

She thought that she might catch it

And she knew she had to try.....

So begins the story of Dadu's journey, as she attempts to catch a star. She chases it across the land, persevering against fatigue, bodily pains, and the doubts of those around her. But, what will she do with the star if she catches it? Follow Dadu to see what adventures and discoveries await her.

The beginnings of Dadu's Star were written 15 years ago. The story and illustrations were completed this year, during the author's adventures and misadventures couch surfing in four different countries, living out of a suitcase, chasing a dream. Told in rhyme, this is a story of the hard work that chasing one's dream can often entail, but also the surprising rewards that can follow.
