Alan Mowbray Jr.

The Animals of El Yunque: Fauna of a Caribbean Island Rainforest (Volume 1) Alan Mowbray Jr.

This book is the end product of ten years of investigation. What began as a monthly 'Wildlife Facts' feature for the El Yunque National Forest's website in January, 2002 eventually comprised over 100 individual descriptions and full color illustrations of El Yunque rainforest animals. It seemed a natural progression to convert this remarkable collection into a 'portable' guide-book that would fit easily into a jacket-pocket or book bag... The Animals of El Yunque is a 'pictorial natural history' - it is not a comprehensive listing of every wildlife species that occurs in El Yunque - instead, it is an effort to describe a discrete selection of the animals that forest visitors might encounter and thus wish to identify while experiencing El Yunque's unique and exhilarating surroundings. Tropical forest enthusiasts and natural history 'buffs' will also be fascinated to discover the immense diversity of the animal populations that are described and pictured in full color on these pages - all of which thrive in El Yunque; America's only tropical rainforest...
