The first chapter in an adventurous and ambitious series that will follow Chloe and Mint, two girls who travel the country together via train hopping and hitch hiking.

Volume 1: After Chloe's position as a camp councilor is terminated, she finds lust with a girl who will save her life in more ways than one.

This is a fun and somewhat spontaneous short story about two young adults finding their way together and exploring the open world. Without giving away spoilers, the plot will take these two to great heights and greater lows and test who they are as friends :) Along the way, they will find more than just romance together. Things are going to be fun and get kinky ;)
