## **A Royal Romance** Jenny Frame

Georgina, Princess of Wales, has always known her destiny, but she never expected duty to call so soon. When her father dies suddenly, she is called back from her Royal Navy post to assume the crown. While the people acclaim their new Queen, Great Britain's first openly gay monarch, all George feels is the isolation of her station.

Beatrice Elliot's staunch anti-monarchist views have always been a point of gentle contention with her working class, royalty-loving parents. When Bea—director of a hospice charity—must spend six months working with Queen Georgina, her charity's new patron, sparks fly and passion blooms. But is love enough to bridge the gap between Bethnal Green and Buckingham Palace?
