Ignatius Donnelly

Atlantis - The Antediluvian World Ignatius Donnelly

Originally published in 1882, this early work by politician Ignatius Donnelly is both expensive and hard to find in its first edition. Inspired by the writings of Plato, it details the history and technology of this lost land and is a fascinating read for anyone interested in the theory that ancient civilisations are descended from the peoples of Atlantis. Many of the earliest books, particularly those dating back to the 1900s and before, are now extremely scarce. We are republishing these classic works in affordable, high quality, modern editions, using the original text and artwork.
