The Real and the Complex: A History of Analysis in the 19th Century (Springer Undergraduate Mathematics Series) Jeremy Gray

This book contains a history of real and complex analysis in the nineteenth century, from the work of Lagrange and Fourier to the origins of set theory and the modern foundations of analysis. It studies the works of many contributors including Gauss, Cauchy, Riemann, and Weierstrass.

This book is unique owing to the treatment of real and complex analysis as overlapping, inter-related subjects, in keeping with how they were seen at the time. It is suitable as a course in the history of mathematics for students who have studied an introductory course in analysis, and will enrich any course in undergraduate real or complex analysis.

From reader reviews:

Donald Howard:

The book *The Real and the Complex: A History of Analysis in the 19th Century* (Springer Undergraduate Mathematics Series) make one feel enjoy for your spare time. You can utilize to make your capable a lot more increase. Book can for being your best friend when you getting tension or having big problem along with your subject. If you can make examining a book *The Real and the Complex: A History of Analysis in the 19th Century* (Springer Undergraduate Mathematics Series) for being your habit, you can get more advantages, like add your current capable, increase your knowledge about many or all subjects. You can know everything if you like available and read a publication *The Real and the Complex: A History of Analysis in the 19th Century* (Springer Undergraduate Mathematics Series). Kinds of book are several. It means that, science reserve or encyclopedia or other people. So , how do you think about this e-book?

Lillie Granado:

Hey guys, do you really wants to finds a new book you just read? May be the book with the concept *The Real and the Complex: A History of Analysis in the 19th Century* (Springer Undergraduate Mathematics Series) suitable to you? Often the book was written by popular writer in this era. The particular book untitled *The Real and the Complex: A History of Analysis in the 19th Century* (Springer Undergraduate Mathematics Series)is the main one of several books in which everyone read now. This kind of book was inspired many men and women in the world. When you read this guide you will enter the new age that you ever know just before. The author explained their thought in the simple way, thus all of people can easily to be aware of the core of this book. This book will give you a lots of information about this world now. In order to see the represented of the world in this book.

Margaret Thompson:

The book untitled *The Real and the Complex: A History of Analysis in the 19th Century* (Springer Undergraduate Mathematics Series) contain a lot of information on this. The writer explains your girlfriend idea with easy way. The language is very easy to understand all the people, so do certainly not worry, you can easy to read it. The book was published by famous author. The author brings you in the new era of literary works. It is possible to read this book because you can read more your smart phone, or device, so you can read the book in anywhere and anytime. If you want to buy the e-book, you can open up their official web-site and also order it. Have a nice study.

Michelle Garrett:

Many people said that they feel fed up when they reading a publication. They are directly felt this when they get a half portions of the book. You can choose typically the book *The Real and the Complex: A History of Analysis in the 19th Century* (Springer Undergraduate Mathematics Series) to make your own personal reading is interesting. Your skill of reading ability is developing when you like reading. Try to choose easy

book to make you enjoy you just read it and mingle the sensation about book and reading especially. It is to be initially opinion for you to like to wide open a book and learn it. Beside that the publication *The Real and the Complex: A History of Analysis in the 19th Century* (Springer Undergraduate Mathematics Series) can to be your friend when you're feel alone and confuse in what must you're doing of this time.
