A garden is a place of peace. A place that brings hope and joy as life thrives in its very soil. It is a place of beauty and calm where all worries and fears fall away as you care for it and watch it bloom. Come and bask your soul in the warmth of the sun and the serenity that lies within these pages. Let your imagination run free and the stress and anxiety of each day fall from your shoulders as the pages come to life. With each finished scene may the gardens come to life around you. May you relax your mind as a gentle breeze blows past you, dancing in the branches of the surrounding trees; May your heart feel uplifted as the birds fill the air around you with their lilting songs; And may your soul feel a sense of calm as the flowers and animals around you come to life.
