Like a word stuck on the tip of your tongue that you can't quite remember, fairy tales aggravate us with deeper meanings we're almost certain we know, but can't quite recall. For just enough of the old fairy faiths survive within them to tantalize us with their forgotten mysteries; teasing us with a hidden past filled with dark guardians to the underworld, bright and beautiful fairies, and long winters nights people feared would never end. There is still a mysterious heart to fairy tales, giving us a peek into a primal world, beckoning us to recall old traditions. This book will seek to explore these old traditions, to answer questions about the hidden origins of fairy tales. "From Celtic Fairies to Romanian Vampires," this book will take you on a journey to understand fairy tales which are likely far stranger and more beautiful than you ever imagined.
