Saucerful of Secrets: The Pink Floyd Odyssey

Nicholas Schaffner

Saucerful of Secrets: The Pink Floyd Odyssey Nicholas Schaffner

Saucerful of Secrets is the first in-depth biography of this very private group. At the heart of the saga is Syd Barrett, the group's brilliant founder, whose public decline into shattered incoherence--attributable in part to his marathon use of LSD--is one of the tragedies of rock history. The making of *Dark Side of the Moon* and Floyd's other great albums is recounted in detail, as are the mounting of "The Wall" and the creation of the flying pigs, crashing planes, "Mr. Screen" and the other elements of their spectacular stage shows. The book also explores the many battles between bass player/song writer Roger Waters and the rest of the group, leading up to Water's acrimonious departure for a solo career in 1984 and his unsuccessful attempt to dissolve the group he had left behind.

Saucerful of Secrets is an electrifying account of this ground-breaking, mind-bending group, covering every period of their career from earliest days to latest recordings. It is full of revealing information that will be treasured by all who love Pink Floyd's music.
