Poverty and Fundamental Rights: The Justification and Enforcement of Socio-economic Rights David Bilchitz

This book addresses the pressing issue of severe poverty and inequality, and questions why violations of socio-economic rights are treated with less urgency than violations of civil and political rights, such as the right to freedom of speech or to vote? Socio-economic rights have been widely regarded as aspirational goals, rhetorically useful, but having few practical implications for government policy and the distribution of resources within a polity. It is not therefore surprising that socio-economic rights have been systematically neglected in the world today, with millions still lacking access to even basic shelter, food or health-care. This book seeks to provide a sustained argument for placing renewed emphasis upon socio-economic rights in the fight against desperate poverty. It utilizes a combination of political philosophy, constitutional law, and public policy in its focus on the right to food, to housing, and to health-care. Part I involves the development of a philosophical theory of rights that provides a common normative foundation for both civil and political rights and socio-economic rights. This theory involves developing an understanding of value that recognizes individuals have fundamental interests of differing levels of urgency. It also involves drawing an important distinction between conditional rights that flow purely from a normative focus on the equal importance of individuals and unconditional rights that involve competing normative and pragmatic considerations. A general theory of judicial review is also put forward that provides a justification for judicial involvement in the enforcement of socio-economic rights. Part II then considers the implications of this general philosophical theory for the interpretation and enforcement of socio-economic rights in law. The focus of this more applied discussion is upon South Africa, where entrenched, directly justiciable socio-economic rights
