Blowback: a deadly unintended consequence of a covert operation

Thirteen years ago, Jamie Hunt sacrificed everything to keep her sister protected and safe. Now she lives alone, works alone, survives alone. When a covert mission goes horribly wrong, suddenly she can trust no one. Not her boss, not her agency, not even herself.

Lucas Goodman, former FBI agent turned PI, is on the trail of a missing teenager when his investigation leads him to Jamie. Despite her attempts to ditch him, Lucas tenaciously continues to shadow Jamie, realizing he doesn't just want information...he wants her.

When their investigations collide and her sister is in danger, Jamie is forced to team up with Lucas. Together they must expose the connection between agents' murders, a missing teenager, and a sixty-year-old government conspiracy. But can she open her heart to find the truth within the lies?

BLOWBACK is the first novel in the Black Cipher Files series. The Black Cipher Files is a fast-paced, edgy romance and espionage series that features hot, alpha heroes and kick-ass heroines, working to uncover long-buried secrets from the past so they can save their future.

**\*\*PRAISE FOR BLOWBACK\*\***

Nanci K. writes:

I'm a huge fan of Sandra Brown, and Lisa Hughey is giving her a great run for her money....

Kerri writes:

...this book kept me guessing to the end. Loved the characters and the story line.

LGC Smith writes:

...If you like Elizabeth Lowell, you'll like Hughey. Both the plot and the romance get equal attention, and Lucas is exactly the man for Jamie, even if she's really committed to shutting him out. She has good reasons, which keeps the tension high. Blowback is a super satisfying read.

This romantic suspense spy novel is 92,000 words, approximately 400 pages \*Warning\*: This novel is not suitable for readers under the age of 18

STONE COLD HEART: Jess Stone, former FBI sniper, always felt like the kid who looks in the candy store window but could never afford to go in. But on a humanitarian mission to aid an earthquake ravaged country, finally she finds a place where she belongs, in Colin Davies' arms, and working for Global Humanitarian Relief, her big brother's company. But can the former SAS thaw Jess's stone cold heart?

**CARVED IN STONE:** Connor Stone has always been odd man out in his family. Not the oldest, not the most charming, he'd had a lock on the youngest until another half-sibling came to live with them, so he raised hell in his youth. Con knows now the only way to redeem himself is with deeds, not words and sets out to prove once and for all he is worthy of the Stone family. When his older brother asks him to take care of business, Con finally will have redemption he craves. Except when Ava Sanchez, his brother's assistant, is threatened, he must choose between saving the girl and protecting his family. Will his choice bring him love or break his heart?

**HEART OF STONE:** Riley Stone is the handsome brother, the charming one. Everyone who meets him compares him to his father, which in his mind is not a compliment. But he's never met a woman he couldn't charm, until he meets Di, an acerbic, smart-mouthed, passionate activist who has no time for him or his charm. On the run, in the midst of danger, the blistering passion they share explodes. Can these two opposites find common ground, or will Di smash Riley's stone heart?

**STILL THE ONE:** Jack Stone, former Navy SEAL, and oldest Stone sibling is determined to keep his family strong. Family is everything. So he starts Global Humanitarian Relief and Stone Consulting to do some good and keep his family together. But when he has to team up with his old flame, Bliss, on a missing persons case, an evil threatens him, his family and the one woman he could never forget and doesn't want to let go. Can these two former lovers put aside past hurts and heal their hearts?
