Richard T. Wright, Dorothy F. Boorse

Environmental Science: Toward A Sustainable Future, Books a la Carte Edition (13th Edition)

Richard T. Wright, Dorothy F. Boorse

NOTE: This edition features the same content as the traditional text in a convenient, three-hole-punched, loose-leaf version. Books a la Carte also offer a great value—this format costs significantly less than a new textbook. Before purchasing, check with your instructor or review your course syllabus to ensure that you select the correct ISBN. Several versions of Pearson's MyLab & Mastering products exist for each title, including customized versions for individual schools, and registrations are not transferable. In addition, you may need a Course ID, provided by your instructor, to register for and use Pearson's MyLab & Mastering products.

For introductory courses in Environmental Science, Environmental Studies, and Environmental Biology.

Equipping Learners to Understand the Roles of Science, Sustainability, and Stewardship

The Thirteenth Edition of Environmental Science: Toward a Sustainable Future retains its current content and memorable themes of Science, Sustainability and Stewardship while expanding on the student-friendly approach with built-in study tools that make Wright/Boorse a bestseller. Presenting the most current and relevant Environmental Science issues and research along with new Concept Check questions and Understand the Data questions, the text and MasteringEnvironmentalScience work together to help students understand the science behind environmental issues.

Also available with MasteringEnvironmentalScience™

MasteringEnvironmentalScience is an online homework, tutorial, and assessment system designed to improve results by helping students quickly master concepts. Students benefit from self-paced tutorials that feature personalized wrong-answer feedback and hints that emulate the office-hour experience and help keep students on track. With a wide range of interactive, engaging, and assignable activities, students are encouraged to actively learn and retain tough course concepts. For the Thirteenth Edition, MasteringEnvironmentalScience has been significantly updated to include new video assignments that expose students to real environmental issues and new coaching activities that help students build science literacy skills.
