After her ship crashes on a far-off planet, twenty-seven-year-old astronaut Scarlett Collins is shocked to wake up in a re-creation of her childhood home. Stranger still is the fact that an eight-foot-tall alien man who calls himself Azul has apparently been seeing to her every need.

Azul is fascinated by Scarlett's responses to various stimuli—especially those of a sexual nature—and he sets out to learn more. A thorough, humiliating investigation of her body's secrets soon reveals all the shameful desires Scarlett has long kept hidden, and once her yearning to be spanked, dominated, and cared for like a little girl becomes known to Azul, he takes it upon himself to give her exactly what she has always needed.

Publisher's Note: Little Scarlett and the Doctor is an erotic novel which includes spankings, sexual scenes, age play, medical play, elements of BDSM, and more. If such material offends you, please don't buy this book.
