30 days worth of questions that you can take and use as a 30 day diagnostic for your idea, vision or business. When you are smack dab in the middle of an idea or vision you want to bring to the forefront, you really want to hear from those who have felt the victories and the disappointments of taking such a brave leap. You want a community, inside advice with no expectations or strings attached because... well you need it. Within these pages you will find the voices of over 40 creative entrepreneurs who run their businesses both online and in brick and mortar stores, who run workshops and sell in shows, who have a range of experiences and have been in business from 1 year to more than 25 years and who offer you no nonsense information on their processes and how they have been able to keep moving in tough economic times and how they have found a way to let good ideas go when the money was not in line with the dream.
