Western Medicine (A STEAMY Short Story Medical Cowboy Romance) Elizabeth Hawkes

Callie Stevens is on the rebound from yet another failed relationship. Tired of the men, the drama, and the traffic jams of San Francisco, she returns home to the sleepy little hamlet in rural Montana where she was born.

There she happens to stumble across Chance Richards, the town's doctor, who used to be the school nerd and apparently had a crush on Callie back in high school. But the wealthy doctor is nerdy no longer, and the two kindred spirits hit it off, soon finding themselves secretly pining after each other.

The only problem is, both of them are too shy to admit their feelings. Will they be able to get over their insecurities? Or will his lack of dating experience and her distrust of men forever keep them from finding True Love?
