Elementary Statistics: Picturing the World (4th Edition) Ron Larson, Betsy Farber

For algebra-based Introductory Statistics courses.

Offering the most accessible approach to statistics, with a strong visual/graphical emphasis, this book offers a vast number of examples on the premise that students learn best by "doing". The fourth edition features many updates and revisions that place increased emphasis on interpretation of results and critical thinking in addition to calculations. This emphasis on "statistical literacy" is reflective of the GAISE recommendations.
