After sleeping with a co-worker in order to win the post of diplomatic ambassador to the planet Nitzan, twenty-six-year-old Charlene is quite proud of her resourcefulness. But when her new assignment starts off with a highly embarrassing medical examination, she begins to wonder if she has bitten off more than she can chew.

Her fears are soon confirmed when she learns that, as a result of differences in the measure of time between the two worlds, she is going to be treated as a teenager while on Nitzan. She'll even have a guardian—a scientist named Qwin—who seems intent on caring for her very thoroughly. Qwin resembles a handsome human man, but due to size differences between their species he towers over Charlene, leaving her feeling like a mere child in his presence.

Charlene's complete lack of preparation for life on Nitzan soon comes back to haunt her when her ignorance of local laws results in her inadvertent desecration of a revered shrine. After a sound spanking carried out on a judge's orders, she is sent to school to be taught what she neglected to study back on Earth.

Worst of all, when Qwin discovers the less-than-honorable way she obtained her position, he informs her that a series of painful and humiliating punishments will follow. Yet despite her fury at being treated in such a shameful manner, Charlene cannot ignore her growing attraction to the firm-handed alien who puts her in her place as no one ever has before.

Publisher's Note: His Naughty Little Human is an erotic novel which includes spankings, sexual scenes, age play, medical play, elements of BDSM, and more. If such material offends you, please don't buy this book.
