## **Guided by the Hand: (Age play, spanking, and discipline romance)** Adrian Amos

David and Elizabeth are the normal, middle-class couple running the normal, routine dating life, until David has a sudden epiphany: What ruined his past relationships was his unwillingness to acknowledge and pursue his desires. David has finally come to the realization that his romantic life is missing something. He wants to take care of a woman, completely, a woman he can call his own. He wants to coddle and baby and do everything for her. When his relationships would inevitably fail, he knew only he was to blame.

But he knows an even deeper, darker desire exists, one he doesn't know how to handle: he wants to control, to possess, to dominate. It is secondary, but it is there. It worries him, but his happiness is at stake, and he knows he has to finally put his desires to the test. He feels it's time to let go of his inhibitions and that his girlfriend Elizabeth might be the perfect woman to do it with. Can he convince Elizabeth to let go and give in to him?

Elizabeth, on the other hand, has never given desire much thought. She's just a silly, fun-loving, independent woman, working towards her career, intent on advancing up the ladder. But Elizabeth's anxiety has never made consistency in her work-life a possibility, and even as she advances, there's always the fear it's all going to unravel. Sometimes she feels lost and the chaos of life takes over. Is there any way to subdue it all and make life a little easier?

David's change in behavior comes as a surprise, but the more he takes control, the more Elizabeth finds she wants to submit. When he commands, she obeys; when she doesn't, David's ready with a punishment. The little brat in her is going to get her punished a lot.

How do two normal people give in to taboo? Slowly. Control must be given. But once it is, the further they delve, the further they want to go. It's intimately connecting, and it becomes intoxicating. As David seeks his interest in providing care and comfort for Elizabeth, he begins to learn that his desires go far deeper than he ever knew, and Elizabeth finds that there is such a thing as a desire to be controlled. How far are they willing to push each other?

People aren't always accepting of ideas, but they're not as resistant as you'd think.

This is the beginning, the fun little innocence of the act.

This silly little romance is 21,000 words long. It has a burgeoning romance, minor elements of age play, oral play, anal play, spankings, domination, submission, and two goofy adults trying to figure things out.
