The Pulitzer Prize-winning author of the modern classics *Mountains Beyond Mountains* and *The Soul of a New Machine* returns with the extraordinary true story of a young man and his will to survive. In this remarkable book, New York Times bestselling author Tracy Kidder once again delivers the masterful story of a hero for these modern times. Deo grew up in the mountains of Burundi, and survived a civil war and genocide before seeking a new life in America. In New York City he lived homeless in Central Park before finding his way to Columbia University. But Deo's story really begins with his will to turn his life into something truly remarkable; he returns to his native country to help people there, as well as people in the United States. An extraordinary writer, Kidder has the remarkable ability to show us what it means to be fully human, and to tell the unadorned story of a life based on hope. Riveting and inspiring, this may be his most magnificent work to date. *Strength in What Remains* is a testament to the power of will and friendship, and of the endurance of the soul.
