## **Trance: Formation of America Through Mind Control** Cathy O'Brien

This is the documented autobiography of a victim of government mind control. Cathy O'Brien is the only vocal and recovered survivor of the Central Intelligence Agency's MK-Ultra Project Monarch mind control operation. Chiseled deep into the white stone of the CIA's Langley, Virginia headquarters is a partial verse lifted from the Holy Bible and writings of Saint John... "and the truth shall set you free." This statement, like the agency, is total reality. The building that it is engraved upon houses the world's most successful manufacturer of lies to facilitate psychological warfare. The "Company" uses truth and technology as their raw materials to produce "pure" lies for control of you and America's allies.
