American Male Prostitute - How I (Almost) Got a Book Deal Through Sex, Lies, and Deceit Wilfried F. Voss

Stuart Martin Berry has only three months left to find a publisher for his first novel. In a desperate attempt to achieve his goal, he leaves his home to live in New York. His wife has given him free rein to do whatever it takes to get a book deal. Her only request was not to give her any details on how he got there. If he fails, he will be forced to give up his dream of being a famous writer and accept a regular forty-hour a week job. For Stuart, this is sufficient motivation to start a three-month adventure full of sex, lies, and deceit, without losing focus of the ultimate goal. When he finally reaches the finish line, he has evolved and become a leading expert in the fantasy world of writers, literary agents, and publishers.

To put it in a nutshell, today's publishing world is divided into two principle sections. First, there is the exclusive pool of traditional publishers, and, second, the help-yourself shark tank represented by the so-called vanity publishers.

Vanity publishers have a significant edge over traditional publishers in regards to brutality, business sense, and profitability. They ruthlessly pursue the infinite supply of aspiring writers who, in turn, are rejected by traditional publishers or literary agents. Ironically, in the world of traditional publishing, authors are rejected not necessarily due to lack of talent. Vanity publishers accept everybody and everything. No questions asked. Just pay your bill, but don't come crying to them when you can't sell a copy of your book.

The question remains, what does it take these days to get a book deal with a traditional publisher? What do you do when, hypothetically, you are running out of time and mere talent is not the be-all and end-all? Stuart Martin Berry has found the answer: If you can't impress them with your talent, baffle them with your bull-shit.
